H. H. Couch Mgr.

Part of everything you earn
should be yours to save. Based
on present income, what will
your total earnings be by the
time you're ready to retire?
(Example: Age 35-65—\$100 a
week—\$156,000; \$200 a week
—\$312,000.) Yes, a fortune!
But chances are your "savings
power" isn't as good as your
earning power. Unless you can
systematically set aside a part
of what you earn, you'll have no
money for emergencies, op-
portunities or retirement.
Peoples Life has the SOLU-
TION—a plan that helps you
save regularly. (It also pro-
tects your family!)

*As a Peoples Life representa-
tive, may I call upon you at
your convenience?*

As Gravland said, it is time
to leave our old school, but time
to leave really been great. I'll never forget
Phy's class. We really had some good
times in there, like knocking off water forecast
and telling our jokes. I kinda for being a good
friend and not getting mad at me when I embarrassed
you. See you around, but I'll always
remember me.

Love,
Jimmy

Connie,
 we believe
 me I am glad this
 part of my life is
 over and I can go on
 to bigger things. I know you
 better never forget how good
 the wild times were. Starting
 like in French, trouble to the

 Enjoy your Anne

Connie go,
 your one of the cutest
 and sweetest girls I
 have known. This has
 been a really good year.
 Algebra was especially fun
 while it lasted. Physics was, too.
 I hope you will always remember
 me because I will always remember
 you.
 Love you

Connie,
 Well, this is the end
 of another great year, but
 I'm afraid it's our last.
 You've really been fun this
 year. I'll never forget all
 the crazy times in English!
 But most of all, Connie, I'd
 like to wish to you all the
 happiness there is in the
 world. You're one of my favorite
 friends so I hope you don't
 forget me. Best of luck in everything
 your crazy old buddy,
 John

Even tho you are
kind of a silly you
are my favorite girl
in physics class. Remember
Physics, Chemistry, Mr. Turner
and all our good times.

Love ya.

Jimmy

This had been a great year -
the only bad part was that
second period class with
Sooper Dooper Cooper. Remember
all the problems we had with
boys of the opposite sex.
Remember eating lunch in
the Home Ec. dept. with Mom.
We sure did have some
problems there for a while,
but all at once, they all
resolved themselves. Best
of luck to a sweet girl
who really made me feel
at home at Kelly. Best
wishes and take care. Be
good.

Love,
Rebecca

Comie,
The time is going

Connie,

It has been a great pleasure having Pajaro Club with you this year. Now since it was more a social event than a show, I guess it was rather difficult not to enjoy the period of 5.

With best wishes always
whenever you go.

Connie,
It's really been fun having Physics with you
this year. Your laugh is most amusing and you
brought us many hours of fun in a complicated
class. We really couldn't have made it without
you and Glenda. I wish you all the luck in
the world in everything you do. You really are
very sweet.
